

## PRESS RELEASE

# Successful comeback of Solids at Antwerp Expo

Antwerp, 24.11.2022

On 16 & 17 November, after four years, Antwerp Expo finally opened its doors again for Solids, the event for the powder and bulk industry. And it was clear that the community had missed it... The 120 exhibitors, almost 1,500 unique visitors and 11 conferences made this edition a success. Check out the [photos](#) and [video](#) here to soak up the atmosphere (again).

### Knowledge sharing & innovation trumped

The seminar programme in cooperation with exhibitors & partners on static earthing of bulk trucks and tankers, cleaning techniques for dry production, robotics, digitalisation,... was appreciated. No less than **200 visitors attended** one or more seminars during the show days.

There was a lot of experience at the show and live demos brought by the exhibitors were appreciated by the visitors. The Innovation Tour, a free guided tour of exhibitors' innovations, also attracted interest from visitors three times a day.

### Awards

No fewer than three awards were handed out. The jury's Innovation Award went to the duo entry from Gericke and Indus Intergrated Bulk Logistics with the 'Big Bag Pallet Unloader'. The public's Innovation Award went to Engisol with their 'SmartPick' robotic system.

The exhibitor who brought the most visitors to the show at the end of the second day was also honoured with the Marketing Award. This award went to J-Tec Material Handling. Congratulations to all winners!

### Networking to the max

There was plenty of room for networking on the show floor during both days. At the end of day one, an afterwork event was also organised for all exhibitors and visitors. The perfect opportunity to network with the community over a free bite & drink. This was something the Solids community in Antwerp had clearly missed over the past four years.

### Save the date

On **20 & 21 November 2024**, we will again be ready to welcome the Solids community in Antwerp Expo. In case you can't wait two years to participate or visit, in the meantime there are also three other editions in 2023:

- Solids Dortmund on 29 & 30 March 2023,
- Solids Parma on 14 & 15 June 2023 (new!)
- Solids Rotterdam on 4 & 5 October 2023

### More information

Thanks to the brilliant edition in Antwerp, **more than 50 exhibitors** have already confirmed their participation for Solids Antwerp 2024.

Would you like more information about participating in **Solids Antwerp 2024**? Check out the [current floor plan](#) and contact Marita Marcelis for more information at [marketing-solids@easyfairs.com](mailto:marketing-solids@easyfairs.com). Book your stand of choice before **15/12/2022** and enjoy the early bird rate!

We look forward to welcoming the Solids community to one of our locations again!

- End -
